

# Residents Can Manage Services Online

Republic Services is committed to sustainability by making recycling and waste services simple and convenient. To help customers get the most out of service, they can create an online account to manage services anytime, anywhere.

## With 24/7 account access, customers can:

**See Schedule:** Customers can view upcoming collection days and track their truck on their service day using Track My Truck.

**Get Real-Time Service Alerts:** Customers can sign up to receive updates on service changes, disruptions or scheduling.

**Manage Preferences:** Customers can choose how they want to receive personalized communications about services.

**Schedule Services:** Customers can schedule additional pickups, report a missed pickup, or request a repair or replacement container.
